A Canticle for Leibowitz

Winner of the 1961 Hugo Award for Best Novel and widely considered one of the most accomplished, powerful, and enduring classics of modern speculative fiction, Walter M. Miller, Jr.'s *A Canticle for Leibowitz* is a true landmark of twentieth-century literature -- a chilling and still-provocative look at a post-apocalyptic future. In a nightmarish ruined world slowly awakening to the light after sleeping in darkness, the infant rediscoveries of science are secretly nourished by cloistered monks dedicated to the study and preservation of the relics and writings of the blessed Saint Isaac Leibowitz. From here the story spans centuries of ignorance, violence, and barbarism, viewing through a sha

God, Me, and Sweet Iced Tea: Experiencing God in the Midst of Everyday Moments

In the South, nothing is more refreshing than a glass of sweet iced tea. Nothing, that is, except experiencing God in those small, everyday moments. *God, Me, and Sweet Iced Tea* is a deeply personal collection of spiritual treasures designed to help readers experience new mercies each morning. Seasoned with insight and grace, this tender devotional points to the divine presence of God in everyday moments. Whether purchased as a personal resource or given as a heartfelt gift, *God, Me, and Sweet Iced Tea* will help readers develop a daily habit of turning to God in those quiet moments of reflection.

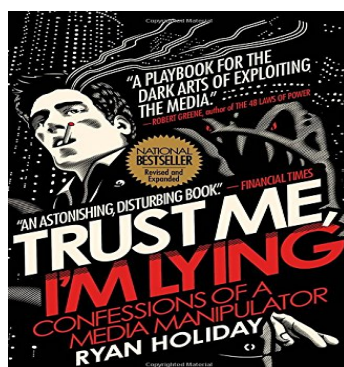

One Small Step Can Change Your Life: The Kaizen Way

The essential guide to kaizen?the art of making great and lasting change through small, steady steps?is now repackaged as an impulse paperback with a dazzling new cover that speaks to its proper positioning as a self-help/inspiration title that's applicable to business as well.

David Nash

For more than forty years, David Nash has profoundly influenced a generation of artists, led by Andy Goldsworthy, with his groundbreaking sculpture, almost exclusively in wood. Working from a deep and ever-growing knowledge of trees, Nash was a pioneer in the aesthetics of "coming," or g

Trust Me, I'm Lying: Confessions of a Media Manipulator

You've seen it all before. A malicious online rumor costs a company millions. A political sideshow derails the national news cycle and destroys a candidate. Some product or celebrity zooms from total obscurity to viral sensation. What you don't know is that someone is responsible for all this. Usua

What others say about this ebook:

Review 1:

This is a great book. I'm not yet even done with it, but I am thoroughly enjoying it. It's very different from most books, unlike anything I've ever read. The title came up in a conversation so I looked into it. I laugh out loud at times, the entire situation is amusing-not funny, just amusing in the interpretation. Probably enjoyable to the intelligent and imaginative. Otherwise you might not make it past the first 20 pages.

Review 2:

Amazing post apocalyptic story. Probably the best I've ever read!

Review 3:

"A Canticle for Leibowitz" is without a doubt one of the best books I have ever read. For the past two days I have been unable to put it down, which has not happened in quite some time for me. It is witty, laugh out loud funny, and profoundly deep in its philosophical musings.

Do not let the fact that this book is based around the life of a Catholic monastery deter you. It delves into rich topics that anyone can enjoy. Of course, Catholics will find some of the language, actions, and choices of the monks familiar and perhaps squeeze out a bit more enjoyment from the novel, but I do not think being Catholic is a prerequisite by any means.

Finally, don't get hung up on the Latin texts if you don't know any Latin - at worst you miss a couple of quick quips. The important ones he always has the characters translate.

Review 4:

One of the better books I've read dealing with the relationship between science, religion, and technology. I would recommend this book as it raises many interesting questions about this interplay, regardless of what your feelings on the subject are. Make sure to brush up on your Latin first!

Review 5:

Sci Fi great everyone should read.
